London Hiring Outlook Remains Strong Despite Decrease

MARKET OVERVIEW

Employers in London anticipate a strong labour market during the April – June period, reporting a Net Employment Outlook of +31%. Hiring intention is down 11 percentage-points on last quarter's record high. Hiring intention is up 27 percentage-points year-on-year.

Employers in London are reporting high demand despite an 11 percentage-point drop on last quarter. This drop is the result of to London employers being able to begin hiring more quickly than other regions due to having a large, wealthy employer base and high uptake of hybrid work. Despite a cooler Outlook, huge surges of temporary and permanent jobs are still occurring.
